Sunday School Snap Chats

Most people want to be seen and known. A football player does a little extra dance in the end zone. People post on social media fabulous pictures from their trips to fabulous places. It's not wrong to want others to see and know us . . . unless what we want them to see or know is not really us. Some people think of humility as a low view of themselves. But humility is an honest view. People who are humble place themselves under the authority of God and recognize that without Him they are nothing.

Read 1 Peter 5:1-11 and circle all the commands related to leaders. Double underline all the commands related to believers in general. Single underline the commands related to how believers respond to their enemy. Use Session 10 in the Personal Study Guide for additional information.
