Sunday School Snippets

In what circumstances is it important to follow the instructions all the way to the end? As the Israelites wandered in the desert, they continued their cycle of complaints regarding food and water. In response to their complaints, the Lord gave Moses instructions for how to provide water for the people. But in his anger, Moses didn't follow the Lord's instructions. The result? Moses would not get to enter the promised land.

As you read Numbers 20:2-13 in preparation for this week's discussion, note what Moses and Aaron did right and what they did wrong.
