### Sunday School Snippets

When we need to get it right, we often turn to the “authority.” The authority is supposedly the most knowledgeable and experienced person in his or her field. The authorities are the ones you count on to have the correct information and skills. To be recognized as an authority in an area of expertise is a unique honor. When that person speaks, people generally pay close attention.

Read Matthew 7:15-29 in your Bible. Make a list of words that describe the lifestyle of followers of Christ and another list of words that describe the way of the self-righteous religious leaders. Read through the Session 7 commentary in the *Personal Study Guide* for additional insight into this.
