BAPTIST CHURCH

April 12, 2026

This Sunday with Bro. Brandon Bright

Sunday School Snippets

An ideology once prevalent in America is something called the “Protestant work ethic.” In its genuine expression, a strong work ethic is a logical progression from one’s relationship with God. It is an abuse of this tradition, however, to think that work is the means of a right relationship with God rather than an expression of it. The reasoning of some people is, the harder you work, the better chance of earning God’s favor.

Read Matthew 19:16-30 in your Bible as well as the Session 7 commentary from the Personal Study Guide. How would you describe what the young ruler thought would give him eternal life?
